

# OffGridRVHub Planning Files

RV Roof Layout Planner | Sample preview - not complete paid file

## RV Roof Layout Planner Sample Preview

This sample shows the shape of the paid planner before you buy: the kinds of pages, prompts, example rows, and decisions the full file is built around. It does not include the complete reusable planning file.

Use this sample to see how roof measurements, obstructions, shade, cable entry, and pre-drill steps are organized before panels are purchased.

### Quick Facts

- Paid file price: \$35
- Paid formats: Printable PDF packet, Roof grid and sketch sheets, Install sequencing sheet
- Product page: OffGridRVHub Planning Files catalog -> RV Roof Layout Planner
- Free companion: solar setup first
- Related guide: Read the solar installation guide

### What This Sample Shows

- The structure of the planning file.
- The type of prompts, rows, tabs, or printable pages included.
- The decision flow the full file is built around.
- Enough context to decide whether the full file fits your real planning job.

### What This Sample Does Not Include

- The complete reusable paid file.
- Every workbook tab, worksheet page, completed example, or printable reference.
- Custom calculations, installation approval, provider guarantees, or rig-specific design work.

### Best For

- DIY solar installers
- RVers shopping for roof-mounted solar panels
- Buyers comparing 200W, 400W, 600W, and 800W layouts
- People with crowded roofs or complex shade/service constraints

# OffGridRVHub Planning Files

RV Roof Layout Planner | Sample preview - not complete paid file

- RVers working with an installer who need to explain roof constraints

## Paid Planning File Includes

- Roof measurement quick start, roof material/sealant source check, and printable roof grid
- Detailed obstruction log and shade/clearance worksheet
- Panel candidate library and panel placement sketch sheets
- Cable entry, wire-run, controller, and fuse placement worksheets
- Parts staging list, pre-drill checklist, install photo log, and install-day sheet
- Completed example roof layout

## Finished Package Proof

- Roof material and sealant source-check page before drilling or buying adhesive
- Layout decision scorecard for comparing fit, shade, wire routing, access, and future expansion
- Printable install-day sheet that keeps final layout, entry point, controller location, staged parts, and unresolved questions together

## Before You Buy

- Use the free companion first if you only need a one-time answer.
- Buy the file only if the plan needs to be saved, printed, shared, marked up, or reused.
- Keep a clean copy of the paid file after checkout, then duplicate it for each trip, install, quote review, or route.

## Sample 1: Roof measurement grid

What this page is for: Let the roof vote before the cart gets expensive.

Representative worksheet excerpt:

### Worksheet excerpt cards

Row 1: Usable length and width, front/rear cap curves, sidewall edge margin

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

Row 2: Ladder, awning-side, slide topper, no-step, and no-mount zones

# OffGridRVHub Planning Files

RV Roof Layout Planner | Sample preview - not complete paid file

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

Row 3: Roof material note, service path, and photo references

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

How to use it: Turns vague roof space into a measured planning surface.

## Sample 2: Obstruction log

What this page is for: Track the parts that steal panel space.

Representative worksheet excerpt:

### Worksheet excerpt cards

Row 1: AC units, vents, skylights, plumbing vents, antennas, racks, seams, and solar-ready ports

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

Row 2: Measurement, location, clearance, shade risk, service access, and photo reference

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

Row 3: Morning, mid-day, afternoon, AC-shroud, vent-lid, rack, and seasonal shade checks

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

How to use it: Built to catch install-day surprises before holes are drilled.

## Sample 3: Fit, route, and install sheets

What this page is for: Turn a panel target into a drill-day plan.

Representative worksheet excerpt:

### Worksheet excerpt cards

Row 1: Compare 200W, 400W, 600W, 800W, mixed-size, and roof/portable hybrid layouts

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

Row 2: Plan roof entry, interior chase, controller location, battery distance, and disconnect points

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

Row 3: Stage panels, mounts, sealant, cable gland, PV wire, fuses, labels, tools, manuals, and photos

# OffGridRVHub Planning Files

RV Roof Layout Planner | Sample preview - not complete paid file

Why it matters: Keeps the roof constraint visible before panels are purchased or holes are drilled.

How to use it: Keeps the calculator result connected to physical fit, route planning, parts staging, and the pre-drill checklist.

## What The Full Planning File Helps You Produce

- A realistic roof capacity view before buying panels
- Panel fit comparisons with keep/reject reasons
- Shade, clearance, service-path, and cable-routing risks
- Controller, disconnect, fuse, and battery-route questions for installer/manufacture review
- A printable install-day reference sheet and photo log

## Delivery, Refund, And License Notes

- Secure checkout sends the receipt and file access to the checkout email.
- If the delivered file is broken, inaccessible, or materially not as described, contact OffGridRVHub within 14 days so we can replace it or make it right.
- The paid file is licensed for one household or rig team. Duplicate it for your own trips and projects, but do not resell, publish, or redistribute it.
- Contact us if you need a reasonable alternate format for accessibility.

## Ready For The Full File?

- Open the RV Roof Layout Planner product page from the Planning Files catalog.
- Download the sample first if you have not reviewed the structure yet.
- Buy only if the full file will be saved, printed, shared, marked up, or reused.
- After checkout, Lemon Squeezy sends receipt and file access to the checkout email.

Boundary: This sample and the paid planning file are planning aids. They do not replace manufacturer manuals, code requirements, licensed installer review, legal land-use rules, mechanical inspection, or site-specific safety judgment.
